The second system (measures 23-24) continues the piano accompaniment and tenor part with lyrics: '直到， 直到， 相見在主前。'. The third system (measures 26-27) shows the piano accompaniment with a sustained chord in the right hand and a bass line in the left hand, while the tenor part is silent.

When you fall in love, the period of time is sweet. It's a story about my loving. Although we don't contact with each other after graduating from university. But such a kind of loving feeling is still bothering me many years. It reminds me back to that time. Very sweet. During the time of army, cause high pressure I got sick. Insomnia is happened to my life. Maybe these two events have relationship.

I hope to see the lover again. Hold the memory again. Don't say goodbye until we stand in front of God. This song is about the loving story...

願他用口與我親嘴，因你的愛情比酒更美。

*Let him kiss me with the kisses of his mouth-for
your love is more delightful than wine. Song of Songs*
