Let the Rest Have Dixie Land I'll Take California For Mine

Words and Music
By BILLY FRAWLEY

Moderato

ff sf

I know at least a thousand songs A-bout old Dix-ie Land;
They al-ways write a lit-tle verse A-bout poor old Black Joe,

Vamp

pp

You've heard 'em sing a-bout the folks down there, And how they'll shake your hand;
Then Mam-my Jin-ny has her Ju-bi-lee, Where the cot-ton blos-soms grow;

Now I'm not doubt-ing that they'll wel-come you, And do their ver-y best,—
The folks who've been there say it's migh-ty fine, But I don't seem to care,—

But there's an-oth-er place I'm boost-ing for, That land of sun-shine 'way out West.—
And that's be-cause I want the world to know Oh, Cal-i-for-nia "you're a BEAR"!

CHORUS

So let the rest of them rave a - bout their Dix - ie Land, Cal - i - for - nia goes for

me; — I can see friend - ly fa - ces And I know as ma - ny pla - ces as they

sing a - bout in Ten - nes - see. — They say the sun shines bright on their old Ken - tuc - ky home, But the

sun shines in my State all the time. — So I'm will - ing to let — the rest have

Dix - ie Land, And I'll take Cal - i - for - nia for mine. — So let the mine.
